

## Random Number Generator Certificate

**Operator :** [Deccan Games Pvt Ltd](#)  
**Operator URL:** [www.deccanrummy.com](http://www.deccanrummy.com)  
**Certificate No:** **374501**

This is to certify that DoWebScan has evaluated the Random Number Generator (RNG) used by Deccan Games Pvt Ltd and found that the RNG complies with the relevant \*standards.

The RNG uses a well-known algorithm to generate random numbers. The number generated by this RNG have passed Marsaglia's "diehard" tests for statistics randomness.

DoWebScan has evaluated card shuffling for Two deck games (with joker). The card shuffle tests were conducted on large enough samples to give the calculations sufficient statistical power. DoWebScan has found that the card sequence is unpredictable, non-repeatable and uniformly distributed.

The certified code for the RNG has been fingerprinted.
